

Robert Bosch GmbH

Mobility, industrial technology, consumer goods · Founded 1886

OVERALL RISK

LOW

Zusammenfassung

Established multinational engineering + technology group headquartered in Gerlingen (Baden-Württemberg). Ultimate ownership held by Robert Bosch Stiftung (a charitable foundation) — a unique governance structure that insulates from short-term capital markets pressure. Clean sanctions, no material adverse media beyond routine industry coverage, IFRS-audited group accounts published annually.

Registry status

STATUS: PASS

Active limited-liability company (GmbH) registered at Amtsgericht Stuttgart, HRB 14000. Ownership: 94% Robert Bosch Stiftung GmbH (a charitable foundation), 6% Bosch family. Voting rights held largely by Robert Bosch Industrietreuhand KG. Structure is well-documented and stable [1].

Sanctions screening

STATUS: PASS

No matches for the parent group or any Robert Bosch group entity in the EU Consolidated List, OFAC SDN List, or UK OFSI. Group compliance function publicly disclosed with an active whistleblower channel.

Adverse media

STATUS: PASS

No material adverse media in the last 24 months. Coverage is routine business press: EV component contracts, quantum-tech investments, Industry-4.0 partnerships, and cyclical automotive-market commentary. Historical items (e.g. 2015 diesel-supplier scrutiny) are pre-window and settled.

Financial signals

STATUS: PASS

IFRS-audited group revenue of €91.6 billion for FY23 with ~429,000 employees globally [2]. Foundation ownership structure means no dividend pressure, sustained R&D at 8-10% of sales. Group carries investment-grade credit ratings (long-term A1 / A+ tier from major agencies).

Web presence

STATUS: PASS

Comprehensive corporate + business-unit websites, extensive B2B procurement portal, well-populated investor-relations disclosures. Global LinkedIn presence with millions of followers across group entities. No Trustpilot / Glassdoor concerns of note relative to peer group.
